Upon the occurrence of a Tax Event (as defined herein), the Company will have the right (i) to shorten the maturity of the Debentures to the extent required, in the opinion of a nationally recognized independent tax counsel experienced in such matters, such that, after the shortening of the maturity, interest paid on the Debentures will be deductible for Federal income tax purposes or (ii) under certain circumstances to redeem the Debentures in whole (but not in part) at a redemption price equal to the greater of (A) 100% of the principal amount of the Debentures and (B) the sum of the present values of the Remaining Scheduled Payments on the redemption date discounted to maturity on a semiannual basis at the Treasury Yield plus basis points, plus in each case accrued interest to the date of redemption. Prospective investors should be aware, however, that the Company's exercise of its right to shorten the maturity of the Debentures will be a taxable event to holders if the Debentures are treated as equity for purposes of Federal income taxation before the maturity is shortened. See "Description of the Debentures--Conditional Right to Shorten Maturity."

DESCRIPTION OF THE DEBENTURES

The Debentures offered hereby will be issued under an Indenture dated as of January 1, 1992, as supplemented by a First Supplemental Indenture dated as of February 26, 1997 (the "Supplement") (such Indenture and Supplement are collectively referred to herein as the "Indenture"), between the Company and Citibank, N.A., as trustee (the "Trustee"). The Indenture as originally filed is included as an exhibit to the Registration Statement of which the accompanying Prospectus is a part. The following summary of certain provisions of the Indenture and of the Debentures (referred to in the accompanying Prospectus as the "Debt Securities") supplements, and to the extent inconsistent therewith replaces, the description of the general terms and provisions of the Debt Securities set forth in the accompanying Prospectus, to which reference is hereby made. Such summary does not purport to be complete and is subject to, and is qualified in its entirety by reference to, all provisions of the Indenture, including the definitions therein of certain terms.

The Debentures offered hereby will be limited to \$100,000,000 aggregate principal amount and will mature on April , 2097. The Debentures will bear interest at the rate per annum shown on the cover of this Prospectus Supplement, computed on the basis of a 360-day year of twelve 30-day months, from the date of issuance, or from the most recent interest payment date to which interest has been paid or provided for, payable semi-annually on April and October of each year, beginning on October , 1997. Interest payable on any Debenture which is punctually paid or duly provided for on any interest payment date shall be paid to holders of record on the 15th day immediately preceding such interest payment date.

The Debentures will be subject to defeasance and covenant defeasance as provided in the accompanying Prospectus.

The Debentures will be issued in book-entry form only. See "--Book-Entry System."

CONDITIONAL RIGHT TO SHORTEN MATURITY

The Company intends to deduct interest paid on the Debentures for Federal income tax purposes. However, the Clinton Administration's budget proposal for Fiscal Year 1998, released on February 6, 1997, contained a series of proposed tax law changes that, among other things, would prohibit an issuer from deducting interest payments on debt instruments with a maturity of more than 40 years. If the proposed legislation is enacted in its current form, it is not expected to apply to the Debentures because the proposed effective date for this provision is the date of first Congressional committee action. There can be no assurance, however, that this proposal or similar legislation affecting the Company's ability to deduct interest paid on the Debentures will not be enacted in the future or that any such legislation would not have a retroactive effective date.

Upon the occurrence of a Tax Event, as defined below, the Company will have the right to shorten the maturity of the Debentures to the extent required, in the opinion of a nationally recognized independent tax counsel experienced in such matters, such that, after the shortening of the maturity, interest paid on the Debentures will be deductible for Federal income tax purposes. There can be no assurance that the Company would not exercise its right to shorten the maturity of the Debentures upon the occurrence of such a Tax Event.

In the event that the Company elects to exercise its right to shorten the maturity of the Debentures on the occurrence of a Tax Event, the Company will mail a notice of shortened maturity to each holder of record of the Debentures by first-class mail not more than 60 days after the occurrence of such Tax Event, stating the new maturity date of the Debentures. Such notice shall be effective immediately upon mailing.

The Company believes that the Debentures should constitute indebtedness for Federal income tax purposes under current law, but no assurances can be given that the Internal Revenue Service would not take a contrary position. If the Debentures are treated as indebtedness for Federal income tax purposes, the Company believes that an exercise of the Company's right to shorten the maturity of the Debentures would not be a taxable event to holders. Prospective investors should be aware, however, that the Company's exercise of its right to shorten

the maturity of the Debentures will be a taxable event to holders if the Debentures are treated as equity for purposes of Federal income taxation before the maturity is shortened and treated as indebtedness after the maturity is shortened.

"Tax Event" means that the Company shall have received an opinion of a nationally recognized independent tax counsel experienced in such matters to the effect that on or after the date of the issuance of the Debentures, as a result of (a) any amendment to, clarification of, or change (including any announced prospective change) in laws, or any regulations thereunder, of the United States, (b) any judicial decision, official administrative pronouncement, ruling, regulatory procedure, notice or announcement, including any notice or announcement of intent to adopt such procedures or regulations (an "Administrative Action"), or (c) any amendment to, clarification of, or change in the official position or the interpretation of such Administrative Action or judicial decision that differs from the theretofore generally accepted position, in each case, on or after the date of the issuance of the Debentures, such change in tax law creates a more than insubstantial risk that interest paid by the Company on the Debentures is not, or will not be, deductible, in whole or in part, by the Company for purposes of Federal income tax.

OPTIONAL REDEMPTION

The Debentures will be redeemable as a whole or in part, at the option of the Company at any time, at a redemption price equal to the greater of (i) 100% of the principal amount to be redeemed or (ii) the sum of the present values of the Remaining Scheduled Payments on the redemption date discounted to maturity on a semiannual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Yield plus basis points, plus in each case accrued interest to the date of redemption.

In addition, if a Tax Event occurs and in the opinion of a nationally recognized independent tax counsel experienced in such matters there would, notwithstanding any shortening of the maturity of the Debentures, be more than an insubstantial risk that interest paid by the Company on the Debentures is not, or will not be, deductible, in whole or in part, for purposes of federal income tax, the Company will have the right, within 90 days following the occurrence of such Tax Event, to redeem the Debentures in whole (but not in part) at a redemption price equal to the greater of (i) 100% of the principal amount of the Debentures and (ii) the sum of the present values of the Remaining Scheduled Payments on the redemption date discounted to maturity on a semiannual basis (assuming a 360-day year consisting of twelve 30-day months) at the Treasury Yield plus basis points, plus in either case accrued interest to the date of redemption.

"Treasury Yield" means, with respect to any redemption date, the rate per annum equal to the semiannual equivalent yield to maturity of the Comparable Treasury Issue, assuming a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for such redemption date.

"Comparable Treasury Issue" means the United States Treasury security selected by an Independent Investment Banker as having a maturity comparable to the remaining terms of the Debentures. If no such security exists, a security that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing new issues of corporate debt securities of comparable maturity to the remaining term of the Debentures will be used. "Independent Investment Banker" means Merrill Lynch, Pierce, Fenner & Smith Incorporated or Morgan Stanley & Co. Incorporated or, if either firm is unwilling or unable to select the Comparable Treasury Issue, an independent investment banking institution of national standing appointed by the Trustee.

"Comparable Treasury Price" means, with respect to any redemption date, (i) the average of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) on the third business day preceding such redemption date, as set forth in the daily statistical release (or any successor release) published by the Federal Reserve Bank of New York and designated "Composite 3:30 p.m. Quotations for U.S. Government Securities" or (ii) if such release (or any successor release) is not published or does not contain such prices on such business day, the average of the Reference Treasury Dealer Quotations

for such redemption date. "Reference Treasury Dealer Quotations" means, with respect to each Reference Treasury Dealer and any redemption date, the average of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Trustee by such Reference Treasury Dealer at 5:00 p.m. on the third business day preceding such redemption date.

"Reference Treasury Dealer" means each of Merrill Lynch, Pierce, Fenner & Smith Incorporated and Morgan Stanley & Co. Incorporated, and their respective successors; provided, however, that if any of the foregoing shall cease to be a primary U.S. Government securities dealer in New York City (a "Primary Treasury Dealer"), the Company shall substitute therefor another Primary Treasury Dealer.

"Remaining Scheduled Payments" means, with respect to any Debenture, the remaining scheduled payments of the principal thereof to be redeemed and interest thereon that would be due after the related redemption date but for such redemption; provided, however, that, if such redemption date is not an interest payment date with respect to such Debenture, the amount of the next succeeding scheduled interest payment thereon will be reduced by the amount of interest accrued thereon to such redemption date.

Holders of Debentures to be redeemed will receive notice thereof by first-class mail at least 30 and not more than 60 days prior to the date fixed for redemption.

Unless the Company defaults in payment of the redemption price, on and after the redemption date interest will cease to accrue on the Debentures or portions thereof called for redemption.

LIMITATION ON INDEBTEDNESS OF SUBSIDIARIES

The covenant, "Limitation on Indebtedness of Subsidiaries" (described in the accompanying Prospectus under "Description of Debt Securities--Certain Covenants of the Company--Limitation on Indebtedness of Subsidiaries"), shall not be applicable to the Debentures.

MODIFICATION OF THE INDENTURE

At such time as the Debentures are the only Debt Securities then outstanding under the Indenture, then, without any further action on the part of the Company or the Trustee, the percentage of Holders required to consent to modifications of the Indenture (if such consent is required) shall be automatically reduced from not less than 66 2/3% in principal amount of Debt Securities then outstanding and affected to not less than a majority in principal amount of Debt Securities then outstanding and affected. See "Modification of the Indenture" in the accompanying Prospectus and Section 8.2 of the Indenture.

BOOK-ENTRY SYSTEM

The Depository Trust Company, New York, New York, will act as depository (the "Depository") for the Debentures. The Debentures will be represented by one or more Global Securities registered in the name of Cede & Co., the nominee of the Depository. Accordingly, beneficial interests in the Debentures will be shown on, and transfer thereof will be effected only through, records maintained by the Depository and its participants.

The Depository has advised the Company and the Underwriters as follows: the Depository is a limited-purpose trust company organized under the New York Banking Law, a "banking organization" within the meaning of the New York Banking Law, a member of the Federal Reserve System, a "clearing corporation" within the meaning of the New York Uniform Commercial Code and a "clearing agency" registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934, as amended. The Depository holds securities that its participants ("Direct Participants") deposit with the Depository. The Depository also facilitates the settlement among Direct Participants of securities transactions, such as transfers and pledges, in deposited securities through electronic computerized book-entry changes in such Direct Participants' accounts, thereby eliminating the need for physical movement of securities certificates. Direct Participants include securities brokers and dealers (including the Underwriters), banks, trust companies, clearing corporations and certain other

organizations. The Depository is owned by a number of its Direct Participants and by the New York Stock Exchange, Inc., the American Stock Exchange, Inc. and the National Association of Securities Dealers, Inc. Access to the Depository's book-entry system is also available to others such as securities brokers and dealers, banks and trust companies that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly ("Indirect Participants"). The rules applicable to the Depository and its Direct and Indirect Participants are on file with the Securities and Exchange Commission.

Principal and interest payments on the Debentures registered in the name of the Depository's nominee will be made in immediately available funds to the Depository's nominee as the registered owner of the Global Securities. Under the terms of the Debentures, the Company and the Trustee will treat the persons in whose names the Debentures are registered as the owners of such Debentures for the purpose of receiving payment of principal and interest on such securities and for all other purposes whatsoever. Therefore, neither the Company, the Trustee nor any paying agent has any direct responsibility or liability for the payment of principal or interest on the Global Securities to owners of beneficial interests in the Global Securities. The Depository has advised the Company and the Trustee that its current practice is, upon receipt of any payment of principal or interest, to credit Direct Participants' accounts on the payment date in accordance with their respective holdings of beneficial interests in the Global Securities as shown on the Depository's records, unless the Depository has reason to believe that it will not receive payment on the payment date. Payments by Direct and Indirect Participants to owners of beneficial interests in the Global Securities will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Direct and Indirect Participants and not of the Depository, the Trustee or the Company, subject to any statutory requirements that may be in effect from time to time. Payment of principal and interest to the Depository is the responsibility of the Company or the Trustee; disbursement of such payments to the owners of beneficial interests in the Global Securities shall be the responsibility of the Depository and Direct and Indirect Participants.

The Debentures represented by a Global Security will be exchangeable for Debentures in definitive form of like tenor as such Global Security in denominations of \$1,000 and in any greater amount that is an integral multiple if the Depository notifies the Company that it is unwilling or unable to continue as Depository for such Global Security or if at any time the Depository ceases to be a clearing agency registered under applicable law and a successor depository is not appointed by the Company within 90 days or the Company in its discretion at any time determines not to require all of the Debentures of such series to be represented by a Global Security and notifies the Trustee thereof. Any Debentures that are exchangeable pursuant to the preceding sentence are exchangeable for Debentures issuable in authorized denominations and registered in such names as the Depository shall direct. Subject to the foregoing, a Global Security is not exchangeable, except for a Global Security or Global Securities of the same aggregate denominations to be registered in the name of the Depository or its nominee.

SAME-DAY SETTLEMENT AND PAYMENT

Settlement for the Debentures will be made by the Underwriters in immediately available funds. All payments of principal and interest on the Debentures will be made by the Company in immediately available funds.

UNDERWRITING

Subject to the terms and conditions set forth in an underwriting agreement (the "Underwriting Agreement"), the Company has agreed to sell to each of the underwriters named below (the "Underwriters"), and each of such Underwriters has severally agreed to purchase, the principal amount of the Debentures set forth opposite its name below.

UNDERWRITER	PRINCIPAL AMOUNT
Merrill Lynch, Pierce, Fenner & Smith Incorporated.....	\$
Morgan Stanley & Co. Incorporated.....	
Total.....	\$100,000,000 =====

The Underwriting Agreement provides that the obligations of the several Underwriters to pay for and accept delivery of the Debentures is subject to the approval of certain legal matters by their counsel and to certain other conditions. The Underwriters are committed to take and pay for all of the Debentures if any are taken.

The Underwriters have advised the Company that the Underwriters propose initially to offer the Debentures to the public at the public offering price set forth on the cover page of this Prospectus Supplement, and to certain dealers at such price less a concession of % of the principal amount of the Debentures. The Underwriters may allow, and such dealers may reallow, a discount not to exceed % of the principal amount of the Debentures to certain other dealers. After the initial public offering, the public offering price, concession and discount may be changed.

The Debentures are a new issue of securities with no established trading market. The Company does not intend to apply for listing of the Debentures on any securities exchange. The Company has been advised by the Underwriters that the Underwriters intend to make a market in the Debentures but are not obligated to do so and may discontinue such market making at any time without notice. No assurance can be given as to the liquidity of the trading market for the Debentures.

The Underwriters are permitted to engage in certain transactions that stabilize or maintain the price of the Debentures. Such transactions consist of bids or purchases for the purpose of pegging, fixing or maintaining the price of the Debentures. If the Underwriters create a short position in the Debentures in connection with the offering, the Underwriters may reduce such short position by purchasing Debentures in the open market. The Underwriters may also impose a penalty bid on selling group members. This means that if the Underwriters purchase Debentures in the open market to reduce the Underwriters' short position or to stabilize the price of the Debentures, they may reclaim the amount of the selling concession from selling group members who sold those Debentures as part of the offering.

In general, bids for or purchases of a security for the purpose of stabilization or to reduce a short position could cause the price of the security to be higher than it might otherwise be in the absence of such bids or purchases. The imposition of a penalty bid may also affect the price of a security to the extent that it discourages resales of the security.

Neither the Company nor the Underwriters make any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of the Debentures. In addition, neither the Company nor the Underwriters make any representation that the Underwriters will engage in such transactions or that such transactions, once commenced, will not be discontinued without notice.

The Company has agreed to indemnify the several Underwriters against certain liabilities, including liabilities under the Securities Act.

From time to time the Underwriters have provided, and continue to provide, commercial or investment banking services to the Company.

CERTAIN LEGAL MATTERS

The validity of the Debentures offered hereby will be passed upon for the Company by Latham & Watkins, Los Angeles, California. Certain legal matters in connection with the Debentures offering will be passed upon for the Company by George A. Vandeman, Esq., Senior Vice President, General Counsel and Secretary of the Company and for the Underwriters by Skadden, Arps, Slate, Meagher & Flom LLP, Los Angeles, California.

DEBT SECURITIES

The Company may offer and issue from time to time in one or more series debt securities (the "Debt Securities") with an initial aggregate offering price not to exceed U.S. \$100,000,000 (or the equivalent in foreign denominated currency or units based on or relating to currencies, including European Currency Units). The Company will offer Debt Securities to the public on terms determined by market conditions. Debt Securities may be issuable in registered form without coupons or in bearer form with or without coupons attached. Securities may be sold for U.S. dollars, foreign denominated currency or currency units; principal of, premium, if any, and any interest on Debt Securities may likewise be payable in U.S. dollars, foreign denominated currency or currency units in each case, as the Company specifically designates.

The accompanying Prospectus Supplement sets forth the specific designation, aggregate principal amount, purchase price, maturity, interest rate (or manner of calculation thereof), time of payment of interest (if any), listing (if any) on a securities exchange and any other specific terms of the Debt Securities and the name of and compensation to each dealer, underwriter or agent (if any) involved in the sale of such Debt Securities. The managing underwriters with respect to each series sold to or through underwriters will be named in the accompanying Prospectus Supplement. USE OF PROCEEDS

Unless otherwise set forth in the applicable Prospectus Supplement, the net proceeds from the sale of the Debt Securities will be used for general corporate purposes, which may include additions to working capital, capital expenditures, stock repurchases, repayment of indebtedness and acquisitions.

DESCRIPTION OF DEBT SECURITIES

The Debt Securities will be issued under an Indenture dated as of January 1, 1992, as supplemented by a First Supplemental Indenture dated as of February 26, 1997 (the "Supplement") (such Indenture and Supplement are collectively referred to herein as the "Indenture"), between the Company and Citibank, N.A., as trustee (the "Trustee"). The Indenture as originally filed is included as an exhibit to the Registration Statement of which this Prospectus is a part and the Supplement will be incorporated herein by reference prior to any sale of the Offered Debt Securities. The following summaries of certain provisions of the Indenture and the Debt Securities do not purport to be complete and such summaries are subject to the detailed provisions of the Indenture to which reference is hereby made for a full description of such provisions, including the definition of certain terms used herein, and for other information regarding the Debt Securities. Numerical references in parentheses below are to sections in the Indenture. Wherever particular sections or defined terms of the Indenture are referred to, such sections or defined terms are incorporated herein by reference as part of the statement made, and the statement is qualified in its entirety by such reference. The Debt Securities offered by this Prospectus and the accompanying Prospectus Supplement are referred to herein as the "Offered Debt Securities."

GENERAL

The Indenture does not limit the amount of additional indebtedness that the Company may incur. The Debt Securities will be unsecured and will rank *pari passu* with all other unsecured and unsubordinated indebtedness of the Company.

The Indenture provides that Debt Securities may be issued from time to time in one or more series and may be denominated and payable in foreign currencies or units based on or relating to foreign currencies, including European Currency Units ("ECUs"). Special United States federal income tax considerations applicable to any Debt Securities so denominated are described in the relevant Prospectus Supplement.

Reference is made to the Prospectus Supplement for the following terms of and information relating to the Offered Debt Securities (to the extent such terms are applicable to such Offered Debt Securities): (i) the specific designation, aggregate principal amount, purchase price and denomination; (ii) currency or units based on or relating to currencies in which such Offered Debt Securities are denominated and/or in which principal of, premium, if any, and/or any interest on such Offered Debt Securities will or may be payable; (iii) any date of maturity; (iv) interest rate or rates (or the method by which such rate will be determined), if any; (v) the dates on which any such interest will be payable; (vi) the place or places where the principal of, premium, if any, and any interest on the Offered Debt Securities will be payable; (vii) any redemption, repayment or sinking fund provisions; (viii) whether the Offered Debt Securities will be issuable in registered form or bearer form ("Bearer Debt Securities") or both and, if Bearer Debt Securities are issuable, any restrictions applicable to the exchange of one form for another and to the offer, sale and delivery of Bearer Debt Securities; (ix) any applicable United States federal income tax consequences, including whether and under what circumstances the Company will pay additional amounts on Offered Debt Securities held by a person who is not a U.S. person (as defined in the Prospectus Supplement) in respect of any tax, assessment or governmental charge withheld or deducted and, if so, whether the Company will have the option to redeem such Offered Debt Securities rather than pay such additional amounts; and (x) any other specific terms of the Offered Debt Securities, including any additional events of default or covenants provided for with respect to such Offered Debt Securities, and any terms which may be required by or be advisable under applicable laws or regulations.

Debt Securities may be presented for exchange and registered Debt Securities may be presented for transfer in the manner, at the places and subject to the restrictions set forth in the Debt Securities and the Prospectus Supplement. Subject to the limitations provided in the Indenture, such services will be provided without charge, other than any tax or other governmental charge payable in connection therewith. Debt Securities in bearer form and the coupons, if any, appertaining thereto will be transferable by delivery.

Debt Securities will bear interest at a fixed rate (a "Fixed Rate Security") or a floating rate (a "Floating Rate Security"). Debt Securities bearing no interest or interest at a rate that at the time of issuance is below the prevailing market rate will be sold at a discount below their stated principal amount. Special United States federal income tax considerations applicable to any such discounted Debt Securities or to certain Debt Securities issued at par which are treated as having been issued at a discount for United States federal income tax purposes are described in the relevant Prospectus Supplement.

GLOBAL SECURITIES

The registered Debt Securities of a series may be issued in the form of one or more fully registered global Debt Securities (a "Registered Global Security") that will be deposited with a depository (a "Depository") or with a nominee for a Depository identified in the Prospectus Supplement relating to such series and registered in the name of the Depository or a nominee thereof. In such case, one or more Registered Global Securities will be issued in a denomination or aggregate denominations equal to the portion of the aggregate principal amount of outstanding registered Debt Securities of the series to be represented by such Registered Global Security or Registered Global Securities. Unless and until it is exchanged in whole for Debt Securities in definitive registered form, a Registered Global Security may not be transferred except as a whole by the Depository for such Registered Global Security to a nominee of such Depository or by a nominee of such Depository to such Depository or another nominee of such Depository or by such Depository or any such nominee to a successor of such Depository or a nominee of such successor. The Depository currently accepts only Debt Securities that are denominated in U.S. dollars.

The specific terms of the depository arrangement with respect to any portion of a series of Debt Securities to be represented by a Registered Global Security will be described in the Prospectus Supplement relating to such series. The Company anticipates that the following provisions will apply to all depository arrangements.

Ownership of beneficial interests in a Registered Global Security will be limited to persons that have accounts with the Depository for such Registered Global Security ("participants") or persons that may hold interests through participants. Upon the issuance of a Registered Global Security, the Depository for such Registered Global Security will credit, on its book-entry registration and transfer system, the participants' accounts with the respective principal amounts of the Debt Securities represented by such Registered Global Security beneficially owned by such participants. The accounts to be credited shall be designated by any dealers, underwriters or agents participating in the distribution of such Debt Securities. Ownership of beneficial interests in such Registered Global Security will be shown on, and the transfer of such ownership interests will be effected only through, records maintained by the Depository for such Registered Global Security (with respect to interests of participants) and on the records of participants (with respect to interests of persons holding through participants). The laws of some states may require that certain purchasers of securities take physical delivery of such securities in definitive form. Such limits and such laws may impair the ability to own, transfer or pledge beneficial interests in Registered Global Securities.

So long as the Depository for a Registered Global Security, or its nominee, is the registered owner of such Registered Global Security, such Depository or such nominee, as the case may be, will be considered the sole owner or holder of the Debt Securities represented by such Registered Global Security for all purposes under the Indenture. Except as set forth below, owners of beneficial interests in a Registered Global Security will not be entitled to have the Debt Securities represented by such Registered Global Security registered in their names, will not receive or be entitled to receive physical delivery of such Debt Securities in definitive form and will not be considered the owners or holders thereof under the Indenture. Accordingly, each person owning a beneficial

interest in a Registered Global Security must rely on the procedures of the Depositary for such Registered Global Security and, if such person is not a participant, on the procedures of the participant through which such person owns its interest, to exercise any rights of a holder under the Indenture. The Company understands that under existing industry practices, if the Company requests any action of holders or if an owner of a beneficial interest in a Registered Global Security desires to give or take any action which a holder is entitled to give or take under the Indenture, the Depositary for such Registered Global Security would authorize the participants holding the relevant beneficial interests to give or take such action, and such participants would authorize beneficial owners owning through such participants to give or take such action or would otherwise act upon the instructions of beneficial owners holding through them.

Payments of principal of, premium, if any, and any interest on Debt Securities represented by a Registered Global Security registered in the name of a Depositary or its nominee will be made to such Depositary or its nominee, as the case may be, as the registered owner of such Registered Global Security. None of the Company, the Trustee or any other agent of the Company or agent of the Trustee will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests in such Registered Global Security or for maintaining, supervising or reviewing any records relating to such beneficial ownership interests.

The Company expects that the Depositary for any Debt Securities represented by a Registered Global Security, upon receipt of any payment of principal, premium, if any, or any interest in respect of such Registered Global Security, will immediately credit participants' accounts with payments in amounts proportionate to their respective beneficial interests in such Registered Global Security as shown on the records of such Depositary. The Company also expects that payments by participants to owners of beneficial interests in such Registered Global Security held through such participants will be governed by standing customer instructions and customary practices, as is now the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such participants.

If the Depositary for any Debt Securities represented by a Registered Global Security is at any time unwilling or unable to continue as Depositary or ceases to be a clearing agency registered under the Exchange Act, and a successor Depositary registered as a clearing agency under the Exchange Act is not appointed by the Company within 90 days, the Company will issue such Debt Securities in definitive form in exchange for such Registered Global Security. In addition, the Company may at any time and in its sole discretion determine not to have any of the Debt Securities of a series represented by one or more Registered Global Securities and, in such event, will issue Debt Securities of such series in definitive form in exchange for all of the Registered Global Security or Registered Global Securities representing such Debt Securities. Any Debt Securities issued in definitive form in exchange for a Registered Global Security will be registered in such name or names as the Depositary shall instruct the Trustee. It is expected that such instructions will be based upon directions received by the Depositary from participants with respect to ownership of beneficial interests in such Registered Global Security. The Debt Securities of a series may also be issued in the form of one or more bearer global Securities (a "Bearer Global Security") that will be deposited with a common depositary for Euroclear and CEDEL, or with a nominee for such depositary identified in the Prospectus Supplement relating to such series. The specific terms and procedures, including the specific terms of the depositary arrangement, with respect to any portion of a series of Debt Securities to be represented by a Bearer Global Security will be described in the Prospectus Supplement relating to such series.

CERTAIN COVENANTS OF THE COMPANY

Limitation on Liens. The Indenture provides with respect to each series of Debt Securities that, unless the terms of such series of Debt Securities provide otherwise, the Company covenants not to create or assume, or permit any Restricted Subsidiary to create or assume, any mortgage, pledge or lien ("Mortgage") upon any Principal Property or any shares of capital stock or indebtedness of any Restricted Subsidiary owned or acquired, unless the Debt Securities of such series are secured by such Mortgage equally and ratably with all other indebtedness thereby secured. Such covenant does not apply to (a) Mortgages on any Principal Property, shares

of stock or indebtedness of any corporation existing at the time such corporation becomes a Restricted Subsidiary, (b) Mortgages on any Principal Property acquired, constructed or improved by the Company or any Restricted Subsidiary after the date of the Indenture which are created or assumed contemporaneously with such acquisition, construction or improvement or within 120 days after the latest of the acquisition, completion of construction (including any improvement on an existing property) or commencement of commercial operation of such property, to secure or provide for payment of all or any substantial part of the purchase price of such property or the cost of such construction or improvement incurred after the date of the Indenture, (c) Mortgages on any Principal Property or shares of stock or indebtedness acquired from a corporation merged with or into the Company or a Restricted Subsidiary and Mortgages on any Principal Property existing at the time of acquisition, (d) Mortgages on any Principal Property to secure indebtedness of a Restricted Subsidiary to the Company or another Restricted Subsidiary, (e) Mortgages on any Principal Property in favor of the United States of America or any State thereof or The Commonwealth of Puerto Rico or any political subdivision thereof, to secure progress or other payments or to secure indebtedness incurred for the purpose of financing the cost of acquiring, constructing or improving such Principal Property (including Mortgages incurred in connection with pollution control, industrial revenue, Title XI maritime financings or similar financings), (f) Mortgages existing as of the date of the Indenture, (g) Mortgages for taxes, assessments, government charges or claims which are being contested in good faith by appropriate proceedings promptly instituted and diligently conducted and if a reserve or other appropriate provision, if any, as shall be required in conformity with generally accepted accounting principles shall have been made therefor, (h) Mortgages created or deposits made to secure the performance of tenders, bids, leases, statutory obligations, surety and appeal bonds, government contracts, performance and return-of-money bonds and other obligations of a like nature incurred in the ordinary course of business (exclusive of obligations for the payment of borrowed money), and (i) any extension, renewal or replacement (or successive extensions, renewals or replacements), in whole or in part, of any Mortgage referred to in the foregoing clauses (a) to (h), inclusive. (Section 3.6)

Notwithstanding the foregoing, the Company and its Restricted Subsidiaries may, without securing the Debt Securities of any series, create or assume Mortgages (which would otherwise be subject to the foregoing restrictions) securing indebtedness in an aggregate amount which, together with all other Exempted Debt (as defined herein) of the Company and its Restricted Subsidiaries, does not at the time exceed 10% of Consolidated Adjusted Net Tangible Assets (defined in the Indenture as total assets less current liabilities and intangible assets on the consolidated balance sheet contained in the latest report on Form 10-Q or on Form 10-K, of the Company and its subsidiaries). (Section 3.6)

Limitation on Sale and Lease-Back Transactions. The Indenture provides with respect to each series of Debt Securities that, unless the terms of such series of Debt Securities provides otherwise, a Sale and Lease-Back Transaction (as defined herein) is prohibited except in the event that (a) the Company or such Restricted Subsidiary would be entitled to incur indebtedness secured by a Mortgage on the property to be leased in an amount equal to the Attributable Debt (as defined herein) with respect to such Sale and Lease-Back Transaction without equally and ratably securing the Debt Securities of such series pursuant to the first paragraph of "Limitation on Liens" above; or (b) the Company applies an amount equal to the fair value of the property sold to the purchase of Principal Property or to the retirement of Long-Term Indebtedness (as defined herein) within 120 days of the effective date of any such Sale and Lease-Back Transaction. In lieu of applying such amount to such retirement the Company may deliver Debt Securities to the Trustee for cancellation, such Debt Securities to be credited at the cost thereof to the Company. (Section 3.7)

Notwithstanding the foregoing, the Company or any Restricted Subsidiary may enter into any Sale and Lease-Back Transaction (which would otherwise be subject to the foregoing restrictions) as long as the Attributable Debt resulting from such Sale and Lease-Back Transaction, together with all other Exempted Debt of the Company and its Restricted Subsidiaries, does not at any time exceed 10% of Consolidated Adjusted Net Tangible Assets. (Section 3.7)

Limitation on Indebtedness of Subsidiaries. The Indenture provides with respect to each series of Debt Securities that, unless the terms of such series of Debt Securities provide otherwise, the Company will not permit any Subsidiary to create or assume any Indebtedness if such Indebtedness together with all other aggregate Indebtedness of its Subsidiaries exceeds 20% of Consolidated Adjusted Net Tangible Assets. (Section 3.8)

CERTAIN DEFINITIONS

The term "Attributable Debt," when used in connection with a Sale and Lease-Back Transaction, means, as of any particular time, the lesser of (a) the fair value of the property subject to such arrangement and (b) the then present value (computed by discounting at the Composite Rate (as defined in the Indenture)) of the obligation of a lessee for net rental payments during the remaining term of any lease (including any period for which such lease has been extended or may, at the option of the lessor, be extended). The term "net rental payments" under any lease for any period means the sum of the rental and other payments required to be paid in such period by the lessee thereunder, not including, however, any amounts required to be paid by such lessee (whether or not designated as rental or additional rental) on account of maintenance and repairs, insurance, taxes, assessments, water rates or similar charges required to be paid by such lessee thereunder or any amounts required to be paid by such lessee thereunder contingent upon the amount of sales, maintenance and repairs, insurance, taxes, assessments, water rates or similar charges. (Section 1.1)

The term "Exempted Debt" means the sum of the following items outstanding as of the date Exempted Debt is being determined: (a) indebtedness of the Company and its Restricted Subsidiaries incurred after the date of the Indenture and secured by mortgages created or assumed pursuant to the final paragraph of "Limitation on Liens" and (b) Attributable Debt of the Company and its Restricted Subsidiaries in respect of every Sale and Lease-Back Transaction entered into after the date of the Indenture and pursuant to the second paragraph of "Limitation on Sale and Lease-Back Transactions." (Section 1.1)

The term "Long Term Indebtedness" means all Indebtedness of the Company and its Restricted Subsidiaries maturing by its terms more than one year after, or which is renewable or extendible at the option of the Company for a period ending more than one year after, the date as of which Long-Term Indebtedness is being determined. (Section 1.1) The term "Indebtedness" means obligations (other than non-recourse obligations, or any series of Debt Securities when determining whether an Event of Default has occurred with respect to such series of Debt Securities) of, or guaranteed or assumed by, the Company for borrowed money or evidenced by bonds, debentures, notes or other similar instruments. (Section 5.1)

The term "Principal Property" means the Company's principal office buildings and each manufacturing plant or research facility located within the territorial limits of the States of the United States of America or The Commonwealth of Puerto Rico (including any other territorial possession of the United States of America) of the Company or a Subsidiary except such as the Board of Directors by resolution reasonably determines (taking into account, among other things, the importance of such property to the business, financial condition and earnings of the Company and its consolidated subsidiaries taken as a whole) not to be a Principal Property. (Section 1.1)

The term "Sale and Lease-Back Transaction" means any arrangement with any person (other than the Company or any Restricted Subsidiary) providing for the leasing by the Company or a Restricted Subsidiary of any Principal Property for a term of more than three years, which property has been or is to be sold or transferred by the Company or such Restricted Subsidiary to such person. (Section 3.7)

The term "Subsidiary" means any corporation the outstanding securities of which having ordinary voting power to elect a majority of the board of directors of such corporation (whether or not any other class of securities has or might have voting power by reason of the happening of a contingency) are at the time owned or controlled directly or indirectly by the Company or by one or more Subsidiaries or by the Company and one or more Subsidiaries; provided, however, that the term "Subsidiary" shall not mean any corporation engaged primarily in financing receivables, making loans, extending credit, providing financing from foreign sources or

other activities of a character conducted by a finance company. The term "Restricted Subsidiary" means any Subsidiary that owns a Principal Property. (Section 1.1)

Unless otherwise indicated in the applicable Prospectus Supplement, neither the Debt Securities nor the Indenture contain covenants specifically designed to protect holders of Debt Securities in the event of a highly leveraged transaction involving the Company.

LIMITATION ON MERGERS AND SALE OF ASSETS

The Company may not consolidate with, merge into or be merged into, or transfer or lease its property and assets substantially as an entirety to another entity unless the successor entity assumes all the obligations of the Company under the Indenture and the Debt Securities and after giving effect thereto, no default or Event of Default (as defined below) shall have occurred and be continuing and such successor entity shall be a United States corporation. Thereafter, except in the case of a lease, all such obligations of the Company shall terminate. (Section 9.1) The Indenture further provides with respect to each series of Debt Securities that, unless the terms of such series of Debt Securities provide otherwise, the Company will not, and will not permit any Restricted Subsidiary to, merge or consolidate with another corporation, or sell all or substantially all of its assets to another corporation for a consideration other than the fair value thereof in cash, if such other corporation has outstanding obligations secured by a Mortgage which, after such transaction, would extend to any Principal Property owned by the Company or such Restricted Subsidiary prior to such transaction, unless the Company or such Restricted Subsidiary shall have effectively provided that the Debt Securities of such series will be secured by a Mortgage which, upon completion of the aforesaid transaction, will rank prior to such Mortgage of such other corporation on any Principal Property. (Section 3.6)

EVENTS OF DEFAULT

An Event of Default with respect to any series of Debt Securities is defined under the Indenture as being: (a) default in payment of any principal of the Debt Securities of such series, either at maturity (or upon any redemption), by declaration or otherwise; (b) default for 30 days in payment of any interest on any Debt Securities of such series; (c) default for 90 days after written notice in the observance or performance of any other covenant or agreement in the Debt Securities of such series or the Indenture other than a covenant included in such Indenture solely for the benefit of a series of Debt Securities other than such series; (d) certain events of bankruptcy, insolvency or reorganization; (e) failure by the Company to make any payment at maturity, including any applicable grace period, in respect of Indebtedness in an amount in excess of \$10,000,000 and continuance of such failure for a period of 30 days after written notice thereof to the Company by the Trustee, or to the Company and the Trustee by the holders of not less than 25% in principal amount of the outstanding Debt Securities (treated as one class) issued under the Indenture; (f) a default with respect to any Indebtedness, which default results in the acceleration of Indebtedness in an amount in excess of \$10,000,000 without such Indebtedness having been discharged or such acceleration having been cured, waived, rescinded, or annulled for a period of 30 days after written notice thereof to the Company by the Trustee, or to the Company and the Trustee by the holders of not less than 25% in principal amount of the outstanding Debt Securities (treated as one class) issued under the Indenture; or (g) default in the payment of any sinking fund installment of the Debt Securities of such series as and when the same shall become due and payable; provided, however, that if any such failure, default or acceleration referred to in clause (e) or (f) above shall cease or be cured, waived, rescinded or annulled, then the Event of Default by reason thereof shall be deemed likewise to have been thereupon cured. (Section 5.1)

The Indenture provides that (a) if an Event of Default due to the default in payment of principal of, premium, if any, or any interest on, any series of Debt Securities or due to the default in the performance or breach of any other covenant or warranty of the Company applicable to the Debt Securities of such series but not applicable to all outstanding Debt Securities or due to the default in the payment of any sinking fund installment of the Debt Securities of such series shall have occurred and be continuing, either the Trustee or the holders of not less than 25% in principal amount of the Debt Securities of each affected series (treated as one

class) then outstanding may then declare the principal of all Debt Securities of each such affected series and interest accrued thereon to be due and payable immediately; and (b) if an Event of Default due to a default in the performance of any other of the covenants or agreements in the Indenture applicable to all outstanding Debt Securities or due to certain events of bankruptcy, insolvency and reorganization of the Company or due to a default described in clauses (e) or (f) of the preceding paragraph shall have occurred and be continuing, either the Trustee or the holders of not less than 25% in principal amount of all Debt Securities then outstanding (treated as one class) may declare the principal of all such Debt Securities and interest accrued thereon to be due and payable immediately, but upon certain conditions such declarations may be annulled and past defaults may be waived (except a continuing default in payment of principal of, premium, if any, or any interest on such Debt Securities) by the holders of a majority in principal amount of the Debt Securities of all such affected series then outstanding. (Section 5.1)

The Indenture contains a provision entitling the Trustee, subject to the duty of the Trustee during a default to act with the required standard of care, to be indemnified by the holders of Debt Securities (treated as one class) before proceeding to exercise any right or power under the Indenture at the request of such holders. (Section 5.6) Subject to such provisions in the Indenture for the indemnification of the Trustee and certain other limitations, the holders of a majority in principal amount of the outstanding Debt Securities of each affected series (treated as one class) may direct the time, method and place of conducting any proceeding for any remedy available to the Trustee, or exercising any trust or power conferred on the Trustee. (Section 5.9)

The Indenture provides that no holder of Debt Securities may institute any action against the Company under the Indenture (except actions for payment of overdue principal or interest) unless such holder previously shall have given to the Trustee written notice of default and continuance thereof and unless the holders of not less than 25% in principal amount of the Debt Securities of each affected series (treated as one class) then outstanding shall have requested the Trustee to institute such action and shall have offered the Trustee reasonable indemnity, the Trustee shall not have instituted such action within 60 days of such request and the Trustee shall not have received direction inconsistent with such written request by the holders of a majority in principal amount of the outstanding Debt Securities of each affected series (treated as one class). (Section 5.6 and Section 5.7)

The Indenture contains a covenant that the Company will file annually, commencing March 31, 1992, with the Trustee a certificate that no default existed or a certificate specifying any default that existed, each as of the preceding December 31. (Section 3.5)

DISCHARGE, DEFEASANCE AND COVENANT DEFEASANCE

The Indenture provides with respect to each series of Debt Securities that the Company may elect either (a) except to the extent the terms of such series of Debt Securities provide otherwise, to defease and be discharged from any and all obligations with respect to the Debt Securities of such series (except for the obligations to register the transfer or exchange of the Debt Securities of such series, to replace temporary or mutilated, destroyed, lost or stolen Debt Securities of such series, to maintain an office or agency in respect of the Debt Securities of such series and to hold moneys for payment in trust) ("legal defeasance") or (b) to be released from its obligations with respect to the Debt Securities of such series under Sections 3.6, 3.7, 3.8 and 9.1 of the Indenture (being the restrictions described under "Certain Covenants of the Company") ("covenant defeasance"), upon the deposit with the Trustee (or other qualifying trustee), in trust for such purpose, of money or, in the case of Debt Securities payable in U.S. dollars, U.S. Government Obligations (as defined in the Indenture) which through the payment of principal and interest in accordance with their terms will provide money in an amount sufficient to pay the principal of, premium, if any, and any interest on the Debt Securities of such series, and any mandatory sinking fund or analogous payments thereon, on the due date thereof. Such a trust may (except to the extent the terms of the Debt Securities of such series otherwise provide) only be established if, among other things, the Company has delivered to the Trustee an opinion of counsel (as specified in the Indenture) to the effect that the Holders of the Debt Securities of such series will not recognize income, gain or loss for Federal income tax purposes as a result of such legal defeasance or covenant defeasance and will

be subject to Federal income tax on the same amounts, in the same manner and at the same times as would have been the case if such legal defeasance or covenant defeasance had not occurred. Such opinion, in the case of legal defeasance under clause (a) above, must (except to the extent the terms of the Debt Securities of the relevant series otherwise provide) refer to and be based upon a ruling of the Internal Revenue Service or a change in applicable Federal income tax law occurring after the date of the Indenture. The Prospectus Supplement may further describe the provisions, if any, permitting such legal defeasance or covenant defeasance with respect to the Offered Debt Securities of the series to which such Prospectus Supplement relates. (Section 10.1)

MODIFICATION OF THE INDENTURE

The Indenture provides that the Company and the Trustee may enter into supplemental indentures without the consent of the holders of Debt Securities to: (a) secure any Debt Securities, (b) evidence the assumption by a successor corporation of the obligations of the Company, (c) add covenants for the protection of the holders of Debt Securities, (d) cure any ambiguity or correct any inconsistency in the Indenture or make any other provisions as the Company may deem necessary or desirable, provided that no such action shall adversely affect the interests of the holders of Debt Securities, (e) establish the forms or terms of Debt Securities of any series and (f) evidence the acceptance of appointment by a successor trustee. (Section 8.1)

The Indenture also contains provisions permitting the Company and the Trustee, with the consent of the holders of not less than 66 2/3% in principal amount of Debt Securities of each series then outstanding and affected (voting as one class), to add any provisions to, or change in any manner or eliminate any of the provisions of, the Indenture or modify in any manner the rights of the holders of the Debt Securities of each series so affected; provided that the Company and the Trustee may not, without the consent of the holder of each outstanding Debt Security affected thereby, (a) extend the stated maturity of the principal of any Debt Security, or reduce the principal amount thereof or reduce the rate or extend the time of payment of interest thereon, or reduce any amount payable on the redemption thereof or change the currency in which the principal thereof (including any amount in respect of original issue discount), premium, if any, or any interest thereon is payable or reduce the amount of any original issue discount security payable upon acceleration or provable in bankruptcy or alter certain provisions of the Indenture relating to the Debt Securities issued thereunder not denominated in U.S. dollars or impair the right of any holder to institute suit for the enforcement of any payment on any Debt Security when due or (b) reduce the aforesaid percentage in principal amount of Debt Securities of any series, the consent of the holders of which is required for any such modification. (Section 8.2)
